

What is the Non-Profit Organization, Sing! Against Cancer?

Sing! Against Cancer is a 501(c)(3) Non-Profit Organization that focuses on supporting those affected by cancer through the gift of music.

Annual Concert Evening Benefit

Our main, annual event is the concert evening benefit. The first annual concert evening will take place on May 20, 2022 at Our Lady of Peace Church, Cleveland Ohio (Near Shaker Square) This large space is able to house a professionally produced event with lighting, sound, recording and streaming services. Seating is limited to approximately 430 guests with ample parking. Security will be provided onsite.

This event will benefit a local organization, THE GATHERING PLACE, located in Beachwood and Westlake, Ohio. The Gathering Place is an amazing organization that offers many different types of services to those affected by cancer, including family members. Most importantly, THE GATHERING PLACE provides their services FREE of charge. The organization relies solely on private donations. .

Guests to the concert evening will be welcomed 'VIP' style to a red carpet entrance, a "Wall of Hope" picture moment, and a 'swag' bag complete with favors, literature and other items.

Most notably, this evening requires a FREE ticket for each guest. This evening is for those affected by cancer and their families, and we do not wish to have them pay for a ticket.

What other activities and outreach are we developing?

Over the course of this next year, our goal is to develop opportunities for service and smaller events.

- Intimate concerts/acoustic concerts for our beneficiaries and other special organizations
- Special events for the holidays
- Possible events for children affected by cancer
- Other opportunities that may be presented to the organization for consideration
- Cancer Awareness through social media and email efforts
